THE ROADMAP TO R2 SUCCESS

THIS ROADMAP GUIDES KENNESAW STATE UNIVERSITY’S VISION TO BE A TOP-TIER R2 INSTITUTION.

As with all initiatives at KSU, this one begins and ends with our students who are the center of our universe. These initiatives continue our efforts to make the University a world-class destination, where students excel in the classroom, develop as individuals and leaders, have transformative learning experiences, engage in significant research, and find their wings.
By setting clear targets and strategies, KSU will address the major issues affecting undergraduate retention and graduation while attracting top students and providing a premier undergraduate experience. The University will work to raise our graduate program profile and offerings while meaningfully addressing and improving the needs of our state, region and nation. We will grow the research culture at KSU by remaining true to the institution’s history, focusing on research with relevance.
